ECU Summer Study Abroad in

BERLIN

May 31 - June 27, 2020

Few urban spaces have garnered as much recent attention as the metropolis at the center of Germany, Berlin. It’s a place of new ideas, where sustainable technology and modern design are a way of life and art galleries can be found on nearly every corner. This dynamic city is a central cornerstone of modern European history and has left a major imprint on the political, social and cultural history of the 20th century.

Let Berlin be your classroom, and explore one of the world’s most vibrant cities! Whether you are beginning to learn the language or becoming more proficient in German, discovering German culture or engaging with its troubled history, the Holocaust, Berlin – with its many historical, artistic and cultural sites – will offer a truly transformative experience.
